

## 2020 BNU Faculty and Researchers Recruitment Program of College of Chemistry (Backbone Talents)

Category	Discipline Structure		Responsibilities	Hiring Criteria	Contact	Tel	Email
	First-Level Discipline	Second-Level Discipline					
Backbone Talents (D1)	Chemistry	Energy Chemistry Chemistry of Life Chemical Biology Theoretical and Computational Chemistry Chemistry of Materials	Complete the teaching and research tasks and social services required by BNU and the college, undertake research projects above the province and ministry level, cultivate excellent talents, with research orientation at the frontier of the discipline, and achieve key research results; actively carry out cooperation and exchanges, and strengthen cooperation with research institutes.	Meet the BNU hiring criteria for Backbone Talents of D1 level of science and engineering	Sun	010-58806410	gbsun@bnu.edu.cn
Backbone Talents (D2)	Chemistry	Energy Chemistry Chemistry of Life Chemical Biology Theoretical and Computational Chemistry Chemistry of Materials	Complete the teaching and research tasks and social services required by BNU and the college, undertake research projects above the province and ministry-level, cultivate excellent talents, with research orientation at the frontier of the discipline, and achieve key research results; actively carry out cooperation and exchanges, and strengthen cooperation with research institutes.	Meet the BNU hiring criteria for Backbone Talents of D2 level of science and engineering			
Backbone foreign teachers for teaching and research, performing duties as a full-timer (for 9 months and above each year)	Chemistry	Inorganic Chemistry Organic Chemistry Analytical chemistry Physical Chemistry Polymer Chemistry Medicinal Chemistry	Complete the teaching and research tasks and social services required by BNU and the college, enhance the comprehensive strength and international level of the discipline, undertake state-level research projects, build academic teams, cultivate excellent talents, and achieve high-level research results.	Meet the BNU hiring criteria for Backbone Talents of science and engineering			
Foreign teachers for teaching, performing duties as a full-timer (for 9 months and above each year)	Chemistry	Inorganic Chemistry Organic Chemistry Analytical chemistry Physical Chemistry Polymer Chemistry Medicinal Chemistry	Complete the teaching tasks and social services required by BNU and the college, undertake various scientific research projects for teaching, apply for key teaching awards above the province and ministry-level, assemble teaching teams, improve the teaching quality of the college's international courses, and achieve distinctive results regarding courses taught in English.	Meet the BNU hiring criteria for Backbone Talents of science and engineering
